Library Board Meets

A regular meeting of the Didsbury Public Library Board was held on Tuesday afternoon at the Library rooms, Dr. A. J. Weart, Chairman; H. E. Osmond, Sec.-Treas.; Dr. G. M. Reid and H. S. Patterson were present.

The Board got down to work as a book committee and \$75 worth of new books were selected for this season, most of which is good fiction.

Mr. L. S. Curtis wrote informing the Board that he had some second hand books from his circulating library he would like to sell to the Library at a reasonable price.

The Board decided not to purchase these books because they had been largely read by the public.

The Secretary was instructed to approach the School Board in regard to purchasing one dozen chairs that formerly were used in the reading room and which are now being used for school purposes.

A few other small matters were taken up and discussed, after which the Board adjourned.

AROUND THE TOWN

Look out for large posters of Geo. Randall's sale.

Mr. E. J. Collison of Edmonton was a visitor in Didsbury on Friday last.

J. R. Good, A. Brusso and J. A. Findlay were visitors at Olds on Tuesday.

R. Hollinger and Frank Kiever of Sunnyslope were visitors in town on Wednesday.

Dr. G. M. Reid has been appointed coroner for this district by the Alberta government.

Bert Cressman, who was formerly employed with R. Robertson, has accepted a position in J. V. Berscht's store.

Ross Shantz, who has been on his homestead near Alask all summer, returned to Didsbury for the winter on Friday last.

The subject for Sunday night next at the Baptist church will be, D.V., "A Need of the Twentieth Century." All are heartily invited.

The Literary Society of the Didsbury High School will hold their fortnightly concert on Friday afternoon next instead of Thursday as reported last week.

A German service will be held in the Evangelical church on Sunday morning next at 10.30. All German speaking people are invited to attend these services.

The Alberta Fat Stock and Calgary Poultry Shows take place in Calgary next week, November 26th, 27th, 28th and 29th. The shows will be held in the new Horse Show buildings.

Tommy Stark, the baseball expert and the "boy who put Didsbury on the map," is now the proprietor of the barber shop and pool room which has been operated by W. Miner next to the postoffice. The deal was completed on Friday last.

Mrs. E. and Walter Edmondson of Sterlingville will hold a big dissolution sale of farm stock on Friday, Nov. 29th, at their farm at Sterlingville. It will pay you to attend this sale as they have a lot of good live stock.

The genial Jack Anderson will be the boss of affairs at the skating and curling rinks this season. Jack has been busy flooding the skating rink the last week and preparations are being made to open up the skating season early.

Pete DeFehr has taken over the management of the Opera House and Fraternity hall for the winter season. He states that he is getting correspondence from a good line of amusements for the Opera House for this season.

The Didsbury Dancing Club will give another of their enjoyable dances in the Opera House on Friday night next. Dancing will commence at 8.30 and will end at 1.30 a.m. Supper will be served. Mr. H. E. Sands has the affair in hand.

The next thimble tea will be held at the residence of Mrs. F. Moyle on Wednesday, Nov. 27, from 4 to 8 o'clock. Ladies are privileged to invite their husbands to tea, which will be served from 5.30 to 7 o'clock. Silver collection will be taken up.

If your electric lights leave you in the dark earlier than usual in the next few days don't get alarmed. A car of coal for the electric light plant was in the railroad wreck which took place south of Carstairs this week, which has left the plant short of coal. Steps are being taken to remedy matters at once.

The Ladies' Aid of the Presbyterian church will hold a bazaar in the Jackson block, west of the Pioneer office, on Friday, November 29th, commencing at 3 p.m. and continuing through the evening. Fancy work and home cooking will be sold, and refreshments will be served all the time. Come and enjoy a good social time.

Mr. Geo. Fredrickson has bought out the interests of Mr. Belfy in the moving picture business at the Opera House and will show pictures every Saturday night. Saturday night last there was a good attendance and the pictures were very good. Come out and support Mr. Fredrickson in his efforts to give clean amusements.

W. F. Etsell, who lives west of town, received word last week that his brother, James E., was killed at Virden, Man., on November 5th. It seems Mr. Etsell was walking along the C. P. R. tracks and was run down by a train. It will be remembered that Mr. J. E. Etsell was a visitor to these parts about a year ago when he appeared to be rather eccentric and held very strong religious views.

Look through our advertising columns, J. N. Paton has several auction sales advertised which it will pay you to attend.

Miss M. Sutton arrived at her sister's residence, Mrs. B. Parsons, Lone Pine, from England on Friday last. Miss Sutton was a passenger on the ill fated

On Wednesday, Nov. 27th, Rev. C. C. McLaurin of Calgary, and superintendent of Baptist missions for Alberta, will give a lecture in the Baptist church at 8 o'clock on his trip to the old country. As Mr. McLaurin had splendid facilities afforded him for sight seeing in the old land, as well as of meeting many men prominent in the religious world, his lecture promises to be more than usually interesting and entertaining. A collection will be taken up for missions at home and abroad. Mr. McLaurin will also speak at Zella on Monday night and at Westcott on Tuesday night, Nov. 25 and 26 respectively. All heartily invited.

Town Council

A regular meeting of the Town Council was held in the Council Chambers on Monday night, Mayor Atkins, Councillors Chambers, Shantz, Wrigglesworth and Cooper being present.

Couns. Cooper - Wrigglesworth - That bills in the hands of the Secretary and O. K'd be paid as follows: Didsbury Pioneer, for stationery, etc., \$14.50; Didsbury Lumber Co., \$7.50; Didsbury Lumber Co., \$108.85; C. L. Peterson, sand and gravel, \$24.37. Carried.

Couns. Shantz Chambers - That by-law No. 107, appointing J. M. Reed returning officer for 1912, be given its first and second readings and that the fire hall be the place of voting. Carried.

The above by-law was then given a third reading and passed. The Council then adjourned.

MOTHER OF LARGE FAMILY

Tells How She Keeps Her Health—Happiness For Those Who Take Her Advice.

Scottville, Mich.—"I want to tell you how much good Lydia E. Pinkham's Vegetable Compound and Sanative Wash have done me. I live on a farm and have worked very hard. I am forty-five years old, and am the mother of thirteen children. Many people think it strange that I am not broken down with hard work and the care of my family, but I tell them of my good friend, Lydia E. Pinkham's Vegetable Compound, and that there will be no backache and bearing down pains for them if they will take it as I have. I am scarcely ever without it in the house.

"I will say also that I think there is no better medicine to be found for young girls. My eldest daughter has taken Lydia E. Pinkham's Vegetable Compound for painful periods and irregularity, and it has helped her.

"I am always ready and willing to speak a good word for Lydia E. Pinkham's Vegetable Compound. I tell every one I meet that I owe my health and happiness to your wonderful medicine."

—Mrs. J. G. JOHNSON, Scottville, Mich., R. F. D. 2.

Lydia E. Pinkham's Vegetable Compound, made from native roots and herbs, contains no narcotics or harmful drugs, and today holds the record of being the most successful remedy for woman's ills known.

WESTERNER CURED OF KIDNEY TROUBLE

A Stubborn Case of This Painful Disease Cured After the Patient Had Suffered for Years, by a Few Bottles of SANOL.

Slowly but surely it has come to be a recognized fact by both the people of Canada and the medical profession that SANOL is the one remedy that may be relied on in cases of kidney disease, gravel, stones in the bladder, gall-stones, kidney-stones and all diseases and ailments due to the presence of uric acid in the system. This remedy has great numbers of cures to its credit, and its makers have received many strong testimonials as to its powers. One of these testimonials was recently received from a gentleman who resides in Winnipeg and who is well-known as a most reputable citizen. This letter reads in part as follows:

"For some years past I had suffered from my kidneys. About 18 months ago I had acute inflammation of those organs, when I was ordered to bed by the medical man attending me. I received considerable relief but after a few months the trouble started again. It was then that I decided to try SANOL, of which I had both read and heard. After taking two bottles I felt very much better and my condition rapidly improved. When I had taken the contents of eight bottles, I felt better than I had done for years for my kidney trouble had entirely left me. It is now about three months since I finished with the medicine and I am enjoying the best of health."

The Address of the gentleman who wrote the above will be given to any who may inquire. The makers of SANOL are able to give a large number of addresses of people who will give to inquirers similar testimony as to the benefits they derived from the use of this remedy.

SANOL is manufactured only by the SANOL MANUFACTURING COMPANY, LTD., 277 Main Street, Winnipeg. It may be purchased by any drug store or direct from the makers at \$1.50 per bottle.

GROWING GIRLS AND ALL WOMEN

Should Keep Their Blood Supply Rich, Red and Pure.

On every hand you see women and growing girls in the deadly clutches of anaemia. Slowly, but surely a pallor as of death settles on their cheeks; their eyes grow dull; their appetite sickle; their steps languid. Daily they are being robbed of all vitality and brightness. The trouble if neglected, becomes more acute until the signs of early consumption become apparent. What women and young girls in this condition need is new, rich, red blood, and there is no other medicine can do the work of Dr. Williams' Pink Pills, in making this new, good blood. These Pills make girls and women well, and bring back the charm and brightness of perfect, regular health. Here is a bit of proof. Miss Lillie O'Carroll, Norwood, Ont., says:—"About two years ago my health began to fail. I was weak, run down and had no ambition for anything. I had frequent headaches, would be completely tired out after the least exertion, and had little or no appetite. A doctor who was giving me medicine finally told me he feared I was going into consumption, which, of course made me very much down-hearted. As the medicine I was taking was not doing me any good I decided to try Dr. Williams' Pink Pills, and I shall ever feel grateful that I did so. My story may be summed up in the words 'nine boxes of the Pills fully restored my health, perhaps saved my life, and I am now as strong and healthy as any girl.'"

Every anaemic sufferer can obtain equally good results through a fair use of Dr. Williams' Pink Pills. Sold by all medicine dealers or by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

108 Canadian farmers will receive cash prizes (twelve in each Province) in our big

1912 FARMERS' PRIZE CONTEST

WE held a contest last year in which 36 prizes were offered. This year there will be three times as many prizes (108) and therefore three times as many chances for you to win one of them. You do not have to use a large quantity of cement to win a prize. Many of last year's prize-winners used comparatively little cement.

THE contest is divided into three classes and in only one of these (Class "A") does the amount of cement used count in deciding prize winners. Class "B" is for doing the best concrete work (the also makes no difference). Class "C" is for sending in the best and clearest description of how say place of concrete work was done.

THERE will be four prizes (First, \$50; Second, \$25; Third, \$15; Fourth, \$10) in each class in each Province. Thus you have only to compete with other farmers in your own Province, and not with those in all parts of Canada. This gives you the best possible chance to win a \$50 prize.

IT COSTS NOTHING TO ENTER—There are absolutely no "strings" to this offer. There is no entry fee or red tape to bother with. You cannot lose, because the improvements you make of concrete in competing for the prizes will be more than worth their cost. We have a book, *What the Farmer Can Do With Concrete*, that will give you all the information about the use of concrete you can need. It will be sent to you free when you ask for complete particulars of the Prize Contest. Ask for particulars to-day. Just say "Send me, free, your book and full particulars of the 1912 Prize Contest," on a post card and mail it to-day. Address Publicity Manager,

The hockey season is drawing pretty close and some of the enthusiasts are talking about the formation of a team to represent Didsbury. We are glad to hear that hockey is not to be dropped in Didsbury and that chances are good for a strong team to represent us. However, there are one or two matters on which we would like to make some suggestions. Since the high moguls in Calgary decided that Didsbury was suspended, which was stated in the report of the Secretary of the A. A. H. A. in the Calgary papers last week, let us stay suspended. These smaller towns do not stand any show against the cities anyway, and it is too expensive. We understand that the other towns to the north and south of us are to have teams this year, so why not form a little league with these towns. Another thing is, no doubt the team will again come before the business men for financial support this season and they will no doubt give something to support the team, but there is no encouragement for them in the way that affairs of the team have been conducted in the last year or two. There has never been a financial statement made and the men who have had to put up the money have never been taken into the confidence of the team in any way. This is a poor way to conduct matters if the team want good support, so those who are interested would do good work in the cause of all these organizations if they would form good executives to conduct these matters.

Distribution of Seed

By instructions of the Hon. Minister of Agriculture a distribution of Superior sorts of grain and potatoes will be made during the coming winter and spring to Canadian farmers. The samples for general distribution will consist of spring wheat (5 lbs.), white oats (4 lbs.), barley (5 lbs.), and field peas (5 lbs.). These will be sent out from Ottawa. A distribution of potatoes (in 3 lb. samples) will be carried on from several of the experimental farms, the central farm at Ottawa supplying only the provinces of Ontario and Quebec. All samples will be sent free, by mail.

Think of all a range should be (a range that's doubly guaranteed—guaranteed by the makers and guaranteed by us) and you'll buy

McClary's Sask-atta Range

Sold by W. G. Liesemer

Applicants must give particulars in regard to the soil on their farms, and some account of their experience with such kinds of grain (or potatoes) as they have grown, so that a promising sort for their conditions may be selected.

Each application must be separate and must be signed by the applicant. Only one sample of grain and one of potatoes can be sent to each farm. Applications on any kind of printed form cannot be accepted. If two or more samples are asked for in the same letter only one will be sent.

As the supply of seed is limited, farmers are advised to apply early; but the applications will not necessarily be filled in the exact order in which they are received. Preference will always be given to the most thoughtful and explicit requests. Applications received after the end of January will probably be too late.

All applications for grain (and applications from the provinces of Ontario and Quebec for potatoes) should be addressed to the Dominion Cerealists, Central Experimental Farm, Ottawa. Such applications require no postage. If otherwise addressed delay and disappointment may occur.

Applications for potatoes from farmers in any other province should be addressed (postage prepaid) to the Superintendent of the nearest Branch Experimental Farm in that province.

November Rod and Gun

The story of a 4,000 mile trip after moose is told by a German hunter in the opening number of the November issue of Rod and Gun in Canada, published by W. J. Taylor, Woodstock, Ont. Frank Houghton, contributes an amusing tale of western life entitled "Two is Not Always Company," while the seventh article of the series "The Culture of Black and Silver Foxes" under the heading, "Food and Feeding," appears in this issue. A trip after caribou in Newfoundland, the Seventh Summer Camp of the Alpine Club of Canada, Tenderfoot Deer Hunters in the Laurentian Mountains, A Trip to the Coast, Game Protection in British Columbia, A Wolf Hunt in Saskatchewan and other stories and articles constitute a typically Canadian bill of fare for sportsmen and lovers of outdoor life.

Lady Anne, he exclaimed, you have been very good and kind, and I have given you a great deal of trouble. I admire you so much, but I am dreadfully afraid of you. Won't you call me Lillas.

Lady Anne looked down at the pretty, excited face in some surprise. Already she had half forgotten the girl's existence.

Certainly I will call you Lillas, if you like, she said.

A sad smile hovered over her lips as she detected the radiance in the girl's eyes.

She laid her hand on Lillas's shoulder.

You little goose, you are very happy, are you not? she said, and bending her stately head, she kissed the girl's cheek and left the room.

Lillas dreamed of Harry; but no sleep came that night to Lady Anne. Early in the morning she was, as usual occupied with her household duties, which she supervised minutely. She had not even made a pretence of going to bed, but had rested on a sofa in a spare room.

At five o'clock in the afternoon, long after Lillas had ridden away with her groom, Spanish Maria was despatched with a note to Harry at the Manor Farm.

The message ran—
"Can you come at once and speak to me? You will find me on the bridge over the water ways."

"ANNE DAUBENEY."

CHAPTER XXXVII An Old Letter

Harry always remembered Lady Anne afterwards as he saw her then, standing in her white gown upon the long, low, wooden bridge, with her hands upon the rail, and her head bent, gazing down into the water.

He paused in the narrow path to look at her. She was almost wholly in the cool shadows, with only a gleam of sunlight striking here and there through the branches overhead on her gown and the bright pale gold of her hair.

As was her wont in the garden, she carried her shady white hat slung upon her arm. Her face was serious, even sad in expression; the long, brown eyelashes, with a glint of gold on them, were lowered over her eyes. He felt as he watched her that he would have given all he had to know of what she was thinking so intently.

Suddenly she looked up and perceiving him, made a gesture for him to join her on the bridge.

It was an odd meeting place for me to choose, she remarked as she gave him her hand, indifferently enough. But here at least we can be sure of not being overheard, even if we can be overlooked.

There was no coquetry about her. She did not seem to suspect the en-

SCALES, DANDRUFF AND ITCHING

Head so Itchy Could Hardly Stand It. Dandruff Showed on Coat Collar. Cuticura Soap and Ointment Cured in One Month.

223 Elizabeth St., Montreal, Que.—"Cuticura Soap and Ointment cured me permanently from dandruff and scalp itch that I was suffering with since over a year. I had an inflammation of the lungs and a very strong fever. When I recovered, my head was covered with scales and dandruff, and it was so itchy I could hardly stand it. The dandruff showed on my coat collar. I had used various medicines without relief. I heard of Cuticura Soap and Ointment and decided to try them, and I am very glad of it, because I am perfectly cured. I used two boxes of Cuticura Ointment with the Cuticura Soap. It took one month to cure me. I take pleasure in recommending Cuticura Soap and Ointment to anyone who is suffering with scalp or skin diseases." (Signed) Hector Perras, Dec. 30, 1911.

TO REMOVE DANDRUFF

Prevent falling hair, remove crusts and scales, and allay itching and irritation of the scalp, frequent shampoos with Cuticura Soap, assisted by occasional dressings with Cuticura Ointment, afford the speediest and most economical treatment. They assist in promoting the growth and beauty of the hair by removing those conditions which tend to make it dry, thin, and lifeless, often leading to premature grayness and loss of hair. Cuticura Soap and Cuticura Ointment are sold by druggists and dealers throughout the world. Liberal sample of each mailed free, with 32-p. Skin Book. Address post card Potter Drug & Chem. couragement suggested by her words to an admirer.

Why did you not come and say good-bye to Miss Morgan before she left? she then asked.

Harry looked surprised.

It did not occur to me, he replied. It is not, as you know, that I did not wish to call here; if I could do what I like, I should be calling all day. But I fear to bore or annoy you.

It is not a question of me, she said quickly, but of your friend, Miss Morgan. Her uncle wrote me a violent letter against you, so that it may be difficult for you to see her again.

I should be sorry to think that, he said. Lillas Morgan is one of the prettiest and most charming girls I have ever met.

She likes you very much.

Not more than I like her.

Then why did you not call this morning?

I did not think of it. But I have a piece of news for you, Lady Anne. That wonderful boulder cousin of mine has put up at the Royal Hotel here, so Mrs. Anning told me about half an hour ago. He arrived from London by the train which gets to Bloxham a little before four o'clock, and drove over here with his luggage. (To be Continued)

Advantages and Saving by Using The Loading Platform

In the writing we desire to put before our Western Farmers the saving and advantage of loading grain direct on cars. Shipping grain through an elevator, it matters not whether a Government elevator or one run by an elevator company or individual owner, does not add the least fraction of a cent to the value of the grain, nor does it give the farmer any better chance of marketing it to advantage than when loaded direct on cars. But loading direct on cars cuts out in the first place the elevator charge, which is usually 1 1/2 c. per bushel, say \$17.50 on a thousand bushel car. The elevator dockage is also saved. This may be worth more or less, depending partly on how dirty the grain is, but mostly on the farmer's ability in holding his own with the elevator man taking it in. On the average the dockage may be considered worth 30 per bushel to the farmer, or say \$30 per car of 1,000 bushels. When grain is loaded direct into car over the Loading Platform, the farmer knows for sure that it is his very own grain that will be graded by the inspector, and that he will without doubt receive the full and exact outturn of his car at whichever terminal elevator it is unloaded; for all grain is unloaded from the cars under government superintendence and weighed by properly qualified government weighmen under the rules and supervision of the Dominion Government Board of Grain Commissioners.

Of course, it makes no difference in our loading of the farmers' grain whether it has been shipped through an elevator or over the Loading Platform, but it can easily be seen from what we have stated above where the farmer's advantage lies, when it saves him around \$50 or more on every car he ships.

We continue to act as the farmers' agent in looking after and disposing of carlot shipments of wheat, oats, barley and flax strictly on a commission of 1 cent per bushel. We are not connected with, nor interested in any elevator companies or elevators, either local or terminal; neither are we truck buyers. In fact we never buy farmers' grain on our own account, but only to handle and dispose of the grain entrusted to us as the agents of those who employ us. Many years experience, with a wide connection and ample facilities for engaging in this special branch of the grain trade, have given us a reputation of the highest character in it. We make liberal advances on car bills of lading. Write us for shipping instructions and market information. INTERNATIONAL STOCK FOOD Makes Cows Give More Rich Milk.

International Stock Food conquered England just as it conquered Canada and the United States, by proving to the Dairy Experts that it is the greatest milk producer and health restorer in the world.

The test was made on three cows from the dairy herd of S. W. Mackney, Esq., Leeds, England, Chairman of the Yorkshire Federation of Dairy Farmers.

Quantity and quality of milk was tested for a certain time—then "International Stock Food" was added to the regular feed.

INTERNATIONAL STOCK FOOD showed an increase in milk of 14.2 pints daily, and 1.21 pounds of butter daily.

This proves that International Stock Food, added to the regular feed will increase the quantity and improve the quality of milk from every cow.

It shows that International Stock Food aids digestion and keeps cows in better condition. It proves that International Stock Food is a money-maker for the farmer—that every farmer who owns one, or a hundred, cows should feed International Stock Food every day.

Make the test yourself—weigh the milk you are getting now—then feed International for a few weeks, and weigh again. Then you'll see how International Stock Food will make money for you.

RIOT IN PARLIAMENT

SOME WILD SCENES IN BRITISH HOUSE OF COMMONS

Premier Asquith's Attempt to Rescind Resolution on Home Rule Bill Causes Scenes of Wild Disorder in Historic Chamber—Unionists Prevent Speeches.

London.—The House of Commons the popular house of the Mother of Parliaments, was the scene of a riot over Premier Asquith's proposal to rescind the action of Monday when the Unionists carried by a majority of 22 Sir Frederick Banbury's amendment defeating the most important financial feature of the Home Rule Bill.

The Unionists refused to permit the debate and the Speaker was forced to adjourn the session on account of the disorder. This is an extremely rare necessity and the situation is considered a critical one.

When the session began there were packed benches. The Premier's followers gave him a great cheer on his entrance and demonstrated that they were present in force by defeating a motion to adjourn early in the proceedings by a vote of 327 to 218.

The substance of Mr. Asquith's motion was that the Banbury amendment should be rescinded, notwithstanding anything in the way of orders of the house and that this house, with respect to the Home Rule Bill, shall consider the Bill as of the same status as though Monday's proceedings had not taken place.

The effect of this would be practically to begin again the consideration of the bill at the clause where the Banbury amendment was offered.

Then the storm came. Sir Frederick Banbury moved that a decision accepted could not be reversed at the same session.

The only honorable alternative before the Government, he said, are resignation or dissolution. All the respect with which the members of the minority are treated is to have the members of the cabinet sitting opposite them, grinning like apes.

The Government is only a croup led by rebels. The best thing the Ulster members can do is to go home and make preparations to resist Home Rule.

Lewis Harcourt, Secretary of State for the Colonies attempted to speak. He was on his feet for several minutes. Every sentence was drowned by Unionist shouts and derisive cries for Lloyd-George.

He finally took his seat. The Attorney General, Sir Rufus Isaacs, had the same experience. Henry Page Croft, Unionist for Christ Church, shouted:

The name of this Government stinks as dirty as London, referring to various alleged financial scandals. The Speaker finally adjourned the House for an hour. Immediately it reconvened Sir Rufus Isaacs was on his feet amid shouts of adjourn.

The voice of Sir Edward Carson, who led the anti-Home Rulers in Ulster, arose above the din:

There will be no more business ever in this House, he cried.

The Speaker repeatedly appealed for order and at length declared:

I rule that a scene of grave disorder has arisen and I adjourn the House until tomorrow.

A yell of victory burst from the Unionists. The members of the cabinet clustered on their side of the clerk's table, but no one moved to leave the House.

On the Unionist side was a seething mob. An arm was raised and a document flew across the floor. It struck the Prime Minister on the shoulder. A shower of order papers fell among the group of ministers.

Mr. Asquith, white and indignant, faced the attack with folded arms. The air was thick with papers and hats. At length the Prime Minister stalked to the door, greeted with yells of defiance and approval.

Suddenly the Unionist member McNeill, rushed to the clerk's table and seized a heavy volume. He hurled it at the First Lord of the Admiralty Mr. Churchill, whom it struck full in the chest. There was an ugly rush from the Liberal benches, but the cooler members held back their colleagues.

For a moment a battle of fists seemed imminent. The peace-making voice of Will Crooks was raised in song, "Should auld Acquaintance be forgot."

Others took up the refrain and gradually flowed into the lobby. At a cabinet meeting held later it was determined to adhere to the program.

C.P.R. Lifts Blockade on C.N.R. Calgary.—The blockade that the Canadian Pacific Railway Company has maintained for the past week on the Canadian Northern grade, fifty miles northwest of Calgary, has been broken. Word was received here that at a conference held in Toronto the C.P.R. and the C.N.R. officials had come to an agreement whereby the latter company may install two railway wooden bridges over the irrigation ditches of the C.P.R. and proceed with the track laying towards Calgary. Obstructions have been removed and the C.N.R. track laying forces have resumed operations.

NEGOTIATIONS FOR PEACE

Despatches State That Bulgarian and Turkish Envoys Have Been Appointed

Constantinople.—That the Porte has entered into direct negotiations with Bulgaria for an armistice is confirmed.

Nazim Pasha, the Turkish commander-in-chief, has received instructions to open communications with the Bulgarian generals and he has sent an envoy to the Bulgarian headquarters.

The Porte appears relieved upon the course owing, on the one hand, to the delay of the powers in handling the mediation proposal and on the other hand to the divergence of views the proposal has occasioned among the powers.

The Porte, according to official circles, is unwilling to add to the existing embarrassment of the powers.

It is reported here that only four of the powers agreed to submit mediation proposals, while two, presumably Austria and Germany, abstained from participating.

Under these circumstances, the Porte elected to apply direct to the principal belligerent, Bulgaria, and there is reason to believe that the same course will be adopted in the negotiations for the terms of peace.

SPAIN HONORS DEAD PREMIER

King Alfonso and the Royal Princes Walk Behind the Bier at Funeral

Madrid.—The body of the Spanish Premier, Jose Canalejas Mendez, was entombed in the Spanish Pantheon with the highest national honors. The entire nation is in mourning and all civil life and business was suspended in Madrid until after the ceremony.

King Alfonso, accompanied by Prince Charles of Bourbon-Sicilies and Prince Ferdinand of Bavaria, Infantes of Spain walked behind the bier from the Chamber of Deputies to the Pantheon, while 250,000 persons stood with uncovered heads in tribute to the dead premier. The members of the diplomatic corps and an official from each department attended the funeral.

The press of all shades of opinion condemns the assassination and lauds Senor Canalejas as the finest type of Spaniard who, in addition to being a great statesman had devoted himself to the amelioration of the condition of the poor. The Republican press protests against the assertion that the assassination represented an attempt to avenge the execution of Ferrer.

Manuel Padriñas, the assassin, died, according to the police, without making any statement. The exact motives for the deed therefore remains a mystery.

NAZIM PASHA URGES PEACE

Finally Acknowledged That His Whole Army is Beaten

London.—Martin Donohoe, the correspondent of the Daily Chronicle, telegraphs from Constantinople: The demoralized Turks have recognized the futility of further resistance. Nazim Pasha has informed the Grand Vizier that his army is both unable and unwilling to fight and has suggested that the only course left is to make the best possible terms with the allies by direct negotiations, which have been opened by the Bulgarians.

Some of the Turkish advisors in the capital are anxious to continue the defence of Tebriz, but that certainly would result in disaster, as the basis of the proposals is that Turkey is ready to abandon Tebriz, provided the Bulgarians undertake not to enter the capital.

The Porte is prepared to make heavy sacrifices to avoid this humiliation and if King Ferdinand is not too exigent, peace is in sight.

Labor Disputes

Ottawa.—The preliminary estimate of the number of the labor disputes in October, issued by the department of labor, shows that the number of strikes was about twice as great as that recorded during the same month of last year, although there was no material change from the conditions during the previous month of the present year.

The dispute of the coal miners on Vancouver Island continued throughout October, this being the only dispute in which a great number of men were involved. About twenty-one disputes were in existence, ten of which commenced during the month. Upwards of 4,300 employees were involved in these disputes, which caused a loss of about 98,000 working days.

Better Than a Bond Issue

Calgary, Alta.—A proposal being advocated by Mr. R. B. Bennett, Calgary's popular representatives at Ottawa, with a view to increasing the school funds of the West, is receiving much favorable comment. The idea is to require the Canadian Pacific Railway to pay taxes on its millions of acres of unsold lands through the West, the resulting revenue to be applied to the school funds. That steps must be taken in any case to maintain a proportionate increase in the school funds corresponding to industrial and population growth is generally admitted.

LAND OF OPPORTUNITY

CANADA IS EXTOLLED BEFORE NEW YORK CANADIAN CLUB

Hon. Sam Hughes Declares That to be Prepared for War is the Best Way to Avoid Trouble—Sir Edmund Walker Pays Tribute to Greatness of Canada.

New York.—Assurances of goodwill between the Dominion of Canada and the United States were given at the eighth annual dinner of the Canadian Club of New York at the Hotel Astor, and Canadian citizens of this city, joined by invited guests to the number of 600, toasted "The President," "The King," and "The Land of Our Birth."

T. Kenneth Thompson, president of the Canadian Club, was toastmaster. Before introducing the first speaker, Hon. Sam Hughes, minister of militia and defence, of Ottawa, Mr. Thompson read messages from His Royal Highness the Duke of Connaught, governor general of Canada, and from Col. Roosevelt, expressing their regrets at their not being able to attend.

Mr. Hon. R. L. Borden, on behalf of himself and Mrs. Borden, also sent his regrets that the work in connection with the impending session rendered it impossible for him to attend.

Col. Hughes declared that in all its travels he had discovered that the missionary with his Bible and the engineer with his hand in the promotion of civilization, and the paymaster, did not always take the second place.

Great Britain and her colonies, said Col. Hughes, will stand together in the upbuilding of humanity the world over, and they will stand together in strengthening friendly relations with the United States.

The speaker dwelt upon the friendly relations which exist and which, he said, must always exist between the United States and the British empire. The railroad binds Canada and this country, he said, and make one of the strongest ties of friendship. The aims of the two people are alike and so they will continue to work side by side in perfect unity.

Prof. Willis Moore, of Washington, Ernest Thompson Seton, Rev. Dr. Grant, of Queen's university; David Forgan, Dean Galbraith, of Toronto University, and Sir Alexandre Lacoste all addressed the gathering briefly.

W. T. Robson, of the C.P.R., the first president of the Canadian club in New York, came from Montreal for the occasion and brought along some striking samples of the apples produced in the Okanagan Valley of British Columbia.

Sir Edmund Walker, in his address spoke of Canada as pre-eminently the land of opportunity.

In the extent of our sea coasts, said he, our lakes, rivers and mountains, our forests, our fruits and in the rich harvests to be gained from all we are not surpassed by any country, but we have much, indeed, to do before we arrive at our full stature as a nation.

Sir Edmund gave a few figures to demonstrate the wonderful prosperity of the country. This was due, he said, largely to the immigration which rendered necessary the borrowing of two hundred millions annually in addition to the amounts saved in Canada. This vast amount would continue to come from Britain which was always ready to further legitimate Canadian enterprises.

Canada, he said, was building up an industrial nation, not merely agricultural. The west, naturally, was still largely agricultural, but even there the dawn of the industrial era had broken, and with the expansion of its industries the west would cease to regard the east as unduly profiting from its resources.

Sir Edmund referred to the task of making Canadians of the vast number of immigrants pouring into the country, and recalled the fact that it was necessary to use thirty languages to teach the new arrivals English.

The task of making good Canadians was going forward apace, however, he said. In many conspicuous cases the new arrivals had become not only Canadians, but loving and reverent believers in the necessity of preserving and upbuilding the great British empire.

Mormons in Alberta

Raymond, Alta.—Three hundred Mormon missionaries from the Mormon towns south of Lethbridge are to engage in what will be the greatest mission propaganda ever inaugurated in Southern Alberta. The work is to be conducted during the winter months and all the territory south of the main line of the C.P.R. will be touched. The mission is under President Brandley, formerly representative of the Swiss Mission, and he will have assisting him business men and farmers of the best ability procurable. The plan is one which has recently been adopted in Utah where it was found to be very successful.

British Empire Trade Mark

London.—The Overseas Dominion Royal Commission, having heard several witnesses favorable to a British Empire Trade Mark, are now receiving evidence showing the manufacturers' opinions on the subject, which is by no means unanimous.

Several influential witnesses declare that an empire trade mark would simply mean an additional temptation to foreigners to place spurious trade marks on their goods, and would also put classes of goods on a common level.

DOESN'T PROTECT FARMERS

Dear Living Is Partly Due to Manipulation by Cold Storage Houses and the Middlemen

Toronto.—Prof. M. A. Mackenzie, chairman of the special committee appointed by the Board of Trade of Toronto to investigate the high cost of living, presented the committee's report. Among causes assigned for the growing cost of necessities are the great increase in gold production, the enormous expenditures on preparations for war, the migration to the cities, the duties on foodstuffs which enable dealers to corner the domestic supply, the apparent elimination of competition in many lines, the multiplicity of retail stores, the poor shipping facilities for produce coming into Toronto, the absence of adequate markets here and the prevailing high rents for stores and houses. Speaking of the tax on foodstuffs the report says:

This tax was introduced to protect the Canadian farmer in times of Canadian scarcity and to be inoperative in times of Canadian plenty, but the development of the packing and canning industries, coupled with the growth of cold storage facilities has made it possible today for a group of men to entirely control the prices at which our farmers must sell certain produce, nearly all the possible buyers being in the group, and also to maintain the price at which the consumer must buy the same products up to the level of the foreign price plus freight, plus duty.

RANCHING INDUSTRY OF WEST

Recommendations Made to Commission at Meeting in Lethbridge

Lethbridge.—At the meeting of the Ranching Commission held here recently, W. F. Stevenson, live stock commissioner for the province of Alberta, made some very trenchant recommendations regarding the ranching industry in Alberta, which were very favorably received by the meeting. One of the most important was in connection with the size of the leases which he urged should be small and not more than ten sections. His recommendations have been prepared with the approval of the Minister of Agriculture, Hon. Duncan Marshall, and were submitted in detail to the commission.

Chairman Pope declared during an announcement at this session, that the cattle men cannot have everything, the sheep men have certain rights.

W. C. Ives, for the wool producers pointed out that the time has come when the sheep men have to be considered from the fact that where five hundred ranchers interested in the cattle industry—there are 20,000 men in Southern Alberta mostly farmers, who are interested in sheep, because it is being found that the sheep industry and farming go hand in hand. Regarding the number of cattle any lease should carry, the meeting recommended that 40 should be the minimum where part of the land is cultivated and 25 to the acre carried where there is no land capable of cultivation. The meeting recommended that bounties be paid as follows: For timber wolves, old, \$50; young, \$25; coyotes, old, \$5; young \$2.50.

Manitoba Sunday School Association

The Sunday School Convention at Brandon on 20-22 inst., bids fair to eclipse all former efforts of the Association.

Rev. W. A. Brown of the International Sunday school staff, Chicago, is said to have no superior on the Sunday School platform in America. He speaks several times during the convention.

Prof. L. L. Henry of Chicago will have full charge of the musical portion of this great gathering. All who heard him at the Portage gathering were delighted. Mr. Henry will speak on "How to learn new hymns and to sing the ones we do know."

An addition to these outside helpers a host of Provincial experts, both ministers and laymen, will give of their best for the benefit of those fortunate to be present. Some of them are:

Rev. R. L. McTavish, Prof. Osborne, Rev. C. Morgan, Rev. A. N. Simpson, Rev. A. N. Marshall, and Prof. Bland, Winnipeg; Mr. T. H. Patrick, Souris, Rev. J. W. Little, Shoal Lake; Prof. McKee, and Mr. A. White, Brandon; Miss Helen Park, Winnipeg; Rev. R. O. Armstrong, Virden; Rev. T. G. Bethel, Crystal City; Messrs. R. H. Radcliffe, Bagot; John Holland, Dugald; W. H. Thomson, Portage; and several others.

Besides speaking on the call of the Sunday school to the Church today, Dr. Bland will conduct the installation service.

The convention offers an unusual opportunity to Pastors and lay workers to receive inspiration and practical help.

WILL BE ROMAN EMPEROR

King of Italy Shortly to Assume the Imperial Title

Paris.—A telegram from Vienna states that it is rumored in political circles that the King of Italy will shortly assume the title of Roman emperor.

This project, it is said has been fostered by certain Italian statesmen ever since the opening of the Tripoli campaign, and it was to have been realized so soon as a great Italian victory was recorded. The Italian government believes that the international prestige of Italy will be increased by this change, because the imperial dignity will be restored and the Italian sovereign will bear a title analogous to that of his two allies.

THE SUNDAY SCHOOL

LESSON VIII.—FOURTH QUARTER FOR NOV. 24, 1912

Text of the Lesson, Mark ix, 1-13. Memory verses, 9, 10—Golden Text, Luke ix, 58 (R.V.)—Commentary Prepared by Rev. D. M. Stoarns.

This lesson, like the last, is recorded by Matthew and Luke as well as by Mark. It was the one occasion on which the glory which was always in him was allowed to shine through in this particular way. In the tabernacle and in the temple the glory of God was always in the holy of holies above the mercy seat, between the cherubim, but the veil concealed it—the veil which was rent in twain from the top to the bottom in the midst when He died and which, we are told in Heb. x, 20, represented His flesh or body. John says that the word was made flesh and tabernacled among us, and we beheld His glory.

As he makes no record of the transfiguration, possibly he refers to it in this saying, as well as to His whole life on earth. Peter undoubtedly refers to the transfiguration when he says: We made known unto you the power and coming of our Lord Jesus Christ and were eyewitnesses of His majesty, for he mentions the holy mount and the words from the Father (John i, 14; 11 Pet. i, 16-18).

In connection with the coming of Christ in glory which He mentioned in last week's lesson He said that some of those who stood there would not taste of death till they had seen the kingdom of God come with power or the Son coming in His kingdom. Then after six intervening days, or as Luke says, about eight days, He took Peter and James and John into a high mountain, apart by themselves, and as he prayed He was transfigured before them. It seems to me that the wonder was not that the glory now shone through the veil of His flesh, but that it was always there, yet concealed. But it was, as to His whole life, the time of His appearing as one to us, sin excepted (1 John i, 14).

His face did shine as the sun, and His raiment was white and glistening, shining, white as the light, white as snow. When Moses came down from the mount the skin of his face shone so that he had to wear a veil white-baked with the people (Ex. xxxiv, 29-35). That must have been reflected light. He did not wear the veil when he went in to talk with the Lord and possibly only after he had done talking with the people. Stephen's face seems to have reflected something of the same light (Acts vi, 16). How wonderful the statements concerning our Matt. xlii, 43; 1 John iii, 2. Consider for a little these two men from heaven who are talking with Jesus and whom the three favored disciples saw and seemed to know, for Peter mentions them by name.

It was over 1,400 years since Moses died and was buried on Mount Nebo (Deut. xxxiv) and perhaps 900 years since Elijah was taken from the side of Elisha on the east of Jordan by a whirlwind and horses and chariot of fire (2 Kings ii), yet here they are, alive and well and recognized, as no doubt we shall know all in the glory without introductions. They talked with Jesus about His decease, which He should accomplish at Jerusalem (Luke ix, 31).

By virtue of that atoning death they and all the redeemed from Abel onward had enjoyed centuries of bliss, as it were, on a promissory note now about to be paid. None are in glory nor ever can be except by virtue of that precious blood in due time shed on Golgotha. It is the blood that maketh atonement, and without shedding of blood there is no remission of sins (Lev. xvii, 11; Heb. ix, 22). The disciples were heavy with sleep (Luke ix, 32), and so it was also in Gethsemane. Are we not all in a measure asleep to the great things of God? How often we talk as foolishly as Peter, who suggested the three tabernacles, not knowing what to say.

That is a good word for us, Awake thou that sleepest, and arise from the dead and Christ shall give thee light. (Eph. i, 14). As Peter spoke a cloud overshadowed them, and a voice came out of the cloud, saying: This is my beloved Son, in whom I am well pleased. Hear ye Him. And they saw no man any more save Jesus only with Himself. To Him give all the prophets witness, and so it must be Jesus only. The Lord alone shall be exalted. See now the kingdom in miniature—the Lord Jesus glorified and with Him the risen saints represented by Moses and the translated saints represented by Elijah. The three disciples may represent all Israel made righteous and the multitude at the foot of the hill the people to be blessed when the kingdom comes.

Blessed are all who see the glory of His kingdom, endeavor now to walk worthy of it and live to hasten it. As they came down from the mount He charged them to tell no one of the wonders they had seen till the Son of Man should be risen from the dead, but just what that saying meant not one of them could tell (verse 10), for they did not believe that He was to die. They remembered some of the last words of Malachi concerning Elijah and spoke of them, and Jesus endorsed them and said that they would surely be fulfilled, but that there had been already a fulfillment in John the Baptist.

Westcott News

(Left over from last week.)

Mrs. Hodson's mother, who has been with Mr. and Mrs. Hodson for some time, is leaving this week for Moosejaw.

Mr. Robert Hughes, formerly of Westcott, spent some days visiting at his brother's home here.

Mr. Charley Brown has everything prepared to build a large barn which he intends to put up yet this month.

Mrs. Tom Suckney, who has been absent from here for the past two years, has returned for a short visit. She intends to make B. C. her future home.

Mr. and Mrs. B. Hunkperger, who have been visiting at the home of Mr. and Mrs. Ward White in B. C., have returned to Westcott. They intend to dispose of their property and settle in B. C.

Reginald Smith, who has been visiting here for several months, is leaving for his home in Hanover, Ont., this week.

Henry Bolander has secured a job at Henry Braun's for a while.

T. A. Murphy loaded a car of barley this week.

There is more talk of skating these days than of anything else.

The Westcott-Cremona band are going to give a box social in the near future. A first class orchestra will be in attendance and an all around good time is expected.

Harry Levagood's sale was a decided success. Implements were a little slow selling but the stock made up for it all. The highest price in horses was \$220.00; milk cows the top price was \$106.00; yearlings, \$34.00; calves, \$23.50. Harry intends leaving for B. C. this week.

Russell & Moon have moved east of Didsbury with their threshing outfit as this district is practically cleaned up.

A meeting of the Westcott branch of the United Farmers of Alberta will be held on Friday evening, Nov. 29th, at 8 o'clock in the Westcott school house, when Mr. P. P. Woodbridge, from the central office, will address the meeting. A full attendance of members is earnestly requested. All farmers are cordially invited to attend as very important business is to be discussed and passed on.

The Doctor's Question Much Sickness Due to Bowel Disorders

A doctor's first question when consulted by a patient is, "are your bowels regular?" He knows that ninety-eight per cent. of illness is attended with inactive bowels and torpid liver, and that this condition must be removed gently and thoroughly before health can be restored.

Rexall Orderlies are a positive, pleasant and safe remedy for constipation and bowel disorders in general. We are so certain of their great remedial value that we promise to return the purchaser's money in every case when they fail to produce entire satisfaction.

Rexall Orderlies are eaten like candy, they act quietly and have a soothing, strengthening, healing influence on the entire intestinal tract. They do not purge, gripe, cause nausea, flatulence, excessive looseness, diarrhoea or other annoying effect. They are especially good for children, weak persons or old folks. Two sizes, 25c and 10c. Sold only at our store—The Rexall Store, H. W. Chambers.

Probation Officer

The Department of Neglected Children has recently added to its staff Miss Mary Yeomans as a woman probation officer for the Province of Alberta.

Miss Yeomans comes to her work particularly well qualified, she having had some twenty years experience in children's work before coming to Alberta.

Miss Yeoman's particular work will be that of securing the co-operation of the women of the province in the problem of the prevention of crime among girls. She is prepared to speak at women's organizations or clubs at any time that arrangements are made to have her appear before such organizations. The object of her work is entirely that of prevention. She comes to Alberta with a long experience and is regarded as one of the most expert women on the continent in her particular line.

Women's organizations, churches or others desirous of arranging to have Miss Yeomans speak, should communicate with the office of the Superintendent of Neglected Children.

Don't waste your money buying strengthening plasters. Chamberlain's Liniment is cheaper and better. Dampen a piece of flannel with it and bind it over the affected parts and it will relieve the pain and soreness. For sale by all dealers.

A Question of Time
Hello, exclaimed an anxious guardian to his niece, as he entered the parlor and saw her on the sofa in the arms of a swain who had just popped the question and sealed it with a kiss. What is the time of the day now?
I should say it was about half-past twelve, was the cool reply.
I see you are almost one.

CRIPPLED WITH SORE BACK

KIDNEYS WERE BADLY DISEASED AND SHE DIDN'T KNOW IT

Was completely Cured by Less Than Three Boxes of

DR. CHASE'S KIDNEY-LIVER PILLS

Women are very often deceived and mistaken in regard to kidney disease. The pains in the back are attributed to other derangements, and kidney disease is allowed to run on and on until beyond the reach of medical science.

There is needless suffering, and life itself is risked, because backache is not recognized as the most marked symptom of kidney disease.

There is no treatment which so quickly relieves and cures kidney pains in the back as Dr. Chase's Kidney-Liver Pills. As proof of this read Mrs. Patterson's letter:—

Mrs. Richard Patterson, Haldimand, Gaspe Co., Que., writes: "I will gladly say that I was cured of kidney trouble by using Dr. Chase's Kidney-Liver Pills. When I began using this medicine I was crippled with sore back and did not know what was the trouble. In looking over Dr. Chase's Almanac I saw Dr. Chase's Kidney-Liver Pills advertised and decided to try them."

"I had not used two boxes before my back was all right, and before I had completed the third box was entirely cured. There has been no return of the old kidney trouble, and I therefore believe the cure to be permanent."

One pill a dose, 25c a box, at all dealers or Edmanson, Bates & Co., Limited, Toronto.

GOOD FOR ALL BABIES

Baby's Own Tablets are good for all babies. They are good for the newborn babe or the growing child—the babe who suffers from constipation or the one whose teething is difficult or who has indigestion, colic, worms or any of the other babyhood ailments. The Tablets banish all these troubles—they are perfectly safe; being guaranteed by a government analyst to contain no opiates or harmful drugs. Sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

Deafness Cannot be Cured by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed for ever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces. We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free. F. J. CHENEY & CO., Toledo, O. BEWARE OF BLOOD-POISON

Zam-Buk Is A Sure Cure

Mr. Jas. Davey, of 786 Ellice Avenue, Winnipeg, says:—"A few months since I was cured of a poisoned finger through the timely use of Zam-Buk. I cut a deep gash across the knuckle on the first finger of my right hand in opening a lobster can. I suffered at the time with the soreness and pain, but had no idea it would become a serious wound. However, in about two days I was greatly alarmed; as my whole hand and arm to the elbow became suddenly inflamed, and the finger was much discolored, showing signs of blood-poisoning. The pain was dreadful and I was forced to leave off my work and go home."

"The wound on the knuckle had been poisoned by dust and dirt getting into it. I then decided to start the Zam-Buk treatment, and having first bathed the cut, I applied the healing balm. It soothed the pain almost instantly, and by next day there was a great improvement."

"In a week's time, through perseverance with this wonderful preparation, a complete cure was brought about."

Zam-Buk is just as good for eczema, ulcers, scalp sores, abscesses, piles, ringworm, boils, varicose ulcers, running sores, cold sores, chapped hands, etc. It draws all poisonous foulness from a wound or sore and then heals. Use it, too, for cuts, burns, bruises and all skin injuries. Zam-Buk Soap should be used in conjunction with the balm for washing wounds and sore places. Excellent, too, for baby's bath.

All druggists and stores sell Zam-Buk at 50c a box and Zam-Buk Soap at 25c a tablet. Post free upon receipt of price from Zam-Buk Co., Toronto.

COFFEES

Often Make the Staunchest Converts

The man who scoffs at an idea or doctrine which he does not fully understand has at least the courage to show where he stands.

The gospel of Health has many converts who formerly laughed at the idea that tea and coffee, for example, ever hurt anyone. Upon looking into the matter seriously, often at the suggestion of a friend such persons have found that Postum and a friend's advice have been their salvation.

"My sister was employed in an eastern city where she had to do calculating," writes a Western girl. "She suffered with headache until she was almost unfit for duty."

"Her landlady persuaded her to quit coffee and use Postum and in a few days she was entirely free from headache." (Tea is just as injurious as coffee because it contains caffeine, the same drug found in coffee). "She told her employer about it, and on trying it, he had the same experience."

"My father and I have both suffered much from nervous headache since I can remember but we scoffed at the idea advanced by my sister, that coffee was the cause of our trouble."

"However, we finally quit coffee and began using Postum. Father has had but one headache now in four years, due to a severe cold, and I have lost my headaches and sour stomach which I am now convinced came from coffee."

"A cup of good, hot Postum is satisfying to me when I do not care to eat a meal. Circumstances caused me to locate in a new country and I feared I would not be able to get my favorite drink, Postum, but I was relieved to find that a full supply is kept here with a heavy demand for it." Name given by Canadian Postum Co., Windsor, Ont.

After a vacation of three
months I am again in the feed
barn to wait on my old custom-
ers and the public at large.
Strict attention will be paid to the
feed business, and people going
away on a visit or on business
wishing to leave their teams and
rigs with us will find them well
cared for. Our motto is live and
let live and all are treated alike.

Reception

A pretty society event took place on
Thursday afternoon last when a very
large number of the ladies of Didsbury
took advantage of attending the re-
ception of Mrs. A. A. Stepler,
wife of the manager of the
Royal Bank, and welcoming her
to their circles, it being her
first reception since coming to Dids-
bury.

The reception room was prettily
decorated with white and yellow
chrysanthemums and the dining room
with pink. Madames Hielert, Stud-
er and Cunehnon assisted at the
refreshment table, while little Miss
Charlotte Stepler, who was dressed
in white with pink trimmings, re-
ceived the visitors at the door.

A Wrong Report

The Didsbury correspondent for the
Calgary Herald reported that the well
at the electric power house is bottom-
less and that C. P. R. prospectors
could not get any definite results in
their search for water here.

A representative of the Pioneer in-
vestigated this report and found out
the facts. As far as the bottom of the
well falling out, this report is entirely
unfounded. The truth is that Super-
intendent Mjolsness was testing the
well but did not have heavy enough
weight attached to the cord, no allow-
ance being made for the weight of
water taken up by the cord with
which the test was being made. A
heavier weight was secured and the
real depth of the well was found, as it
has been reported in these columns,
320 feet with lots of water. It is to
be hoped that the next time this cor-
respondent sends out any news he
will be a little more accurate.
